

ST. FRANCIS HOSPICE

Your Partner in Bringing Compassionate Care and Relief to Every Patient's Journey

Why St. Francis Hospice?

As the first organization to bring hospice to the state, we've led with compassion from the very beginning. Families trust us for our deeply personal approach, experienced team, and unwavering commitment to comfort, dignity, and peace, every step of the way.

Is My Patient Ready for Hospice?

Patients are Eligible for Hospice Services if:

- Life expectancy is 6 months or less if illness follows typical course
- No longer pursuing curative treatment
- Frequent hospitalizations or ER visits for same condition
- Functional decline (e.g. weight loss, limited mobility, ADL dependence)
- Worsening symptoms despite treatment (e.g. pain, breathlessness, fatigue)
- Patient/family preference for comfort-focused care
